BOAT TRIP ON "FUSCHLERIN" BARGE

Between the lake promenade in Fuschl and the castle fishery, the Zille goes back and forth from May to October. The "Fuschlerin" glides silently over the crystal-clear lake, past the countless bays and the world-famous Fuschl Castle. In the immediate vicinity of the castle, the castle fishery is moored.

There are fish specialties that can also be enjoyed on site. The fresh smoked fish, enjoyed directly on the water, is known beyond the borders of the country.

Getting there:

Bus 150 - e.g. from the Hofwirt bus stop (approx. 250m from the hotel) to Fuschl am See (approx. 30 min) - (leaves approx. every 30 min, Google: Bus 150 Salzburg)

Car (approx. 30 min))
